### **1 of November and 2 of November 2025 – Aerial Art**

World Championships all categories: Competitive & Para

The starting order of the competition will be made between the 15th and 20 of October 2025 by the official representatives of POSA after the deadline for athlete applications (28 September 2025 with the exception of Italy which has a deadline until October 13th cause to the National Aerial Art Competition) has closed. Other countries that may have the same needs should contact the organization.

Registrations open on 15 May 2025 and close on 28 September 2025.

If a National Federation reduces the number of participating athletes after the definitive inscriptions, POSA/TC has the right to adjust the starting order to ensure the best possible running of the competition.

## **Qualifications for the European Championship & World Championships 2025**

Please check the POSA Rules & Regulations 2025

## **Awards ceremonies**

The ceremonies at the competition venue will take place as mentioned in the schedule.

## **Aerial Supplier and Equipment**

Official Sponsor of Aerial Equipment is **Apole Company**.

The competition stage will be equipped with professional aerial equipment: 7 meters high open-topped. For the preparation of the routine, account must be taken of the subtraction of 30 cm for the coupling device and the height of the mat. This way the maximum usable height is 6.30 meters for the silk and hammock and 6.50 for the hoop.

All athletes are requested to bring their apparatus (Silk, Hammock and/or Hoop)

**Apole Company** will provide a Hoop (standard size) and a Silk, however we recommend that you bring your own apparatus.

posachampionship@gmail.com

Crash Mat 200\*200 meters 20 cm thick (Mandatory)

Crash Mat 200\*200 meters 40 cm thick will be also available and mandatory for Silk and Hammock.

### **Access to the competition area**

The competition area is accessible to the members of the various juries, competing athletes and their accredited coaches, to local group leaders, to the auxiliary personnel of the Jury, to the President of the POSA, Medical Commission, the official doctor, the team doctors, medical staff and to persons concerned with the apparatus. A team medical person is permitted to accompany the athletes and coaches during all Competitions.

### **Scoring and distribution of results**

Once the competition has finished, by request, all delegations will be provided with a complete set of results (Difficulty only) by e-mail. However, requests must be sent to the international federation within one week after the end of the competition, after that date, it will no longer be possible. (Please refer carefully to the Rules & Regulations 2025).

### **Music**

To limit the technical problems with the music used for the competitions, the Organizing Committee has decided to only accept the athletes' music in an MP3 or MP4 format only. All music used during the World Aerial Art Championships 2025 must be submitted online.

Athletes must send their music by October 20th via email to [posachampionship@gmail.com](mailto:posachampionship@gmail.com)

Each music file will have to contain the following information:

- The name of the nation (official abbreviation of the country);
- The first and last name of the competitor/s;
- The category;
- The length of the music;
- (Example: ROU\_ RADU\_Alina\_Junior\_IW\_3min30s\_mp3 or mp4)

In addition, the competitors need to bring their music with them to the venue on the competition day on an USB stick as a backup.

[posachampionship@gmail.com](mailto:posachampionship@gmail.com)

Attention: Incorrectly named music file will receive a warning from the Head Judge (as per the Code of Points).

The list of the categories is available on POSA official website.

### **Doping control**

Any doping is prohibited. A doping control can be done to the athletes at any time, without a pre-warning, in accordance with POSA regulations. Doping controls will be carried out in accordance with the WADA regulations.

## **THE JURY**

### **Jury Composition**

In general terms, we remind you that the athlete with the highest score in the artistic section will go up.

### **Definition of Amateur Athlete.**

For this definition, see the POSA Aerial Art Rules & Regulations.

POSA has decided that to define and differentiate an Amateur athlete from a Competitive athlete, the POSA Code of Points will be used as an example: An amateur athlete is defined as one who must perform on the Aerial, only elements that have a value up to 0.5 of the POSA Scoring Code. However, amateur athletes may perform a maximum of one element with a value higher than 0.5. Athletes who break this rule will automatically and immediately be placed and evaluated in the Competitive category.
